S. J. BURLESON
Superintendent of Lake View Schools

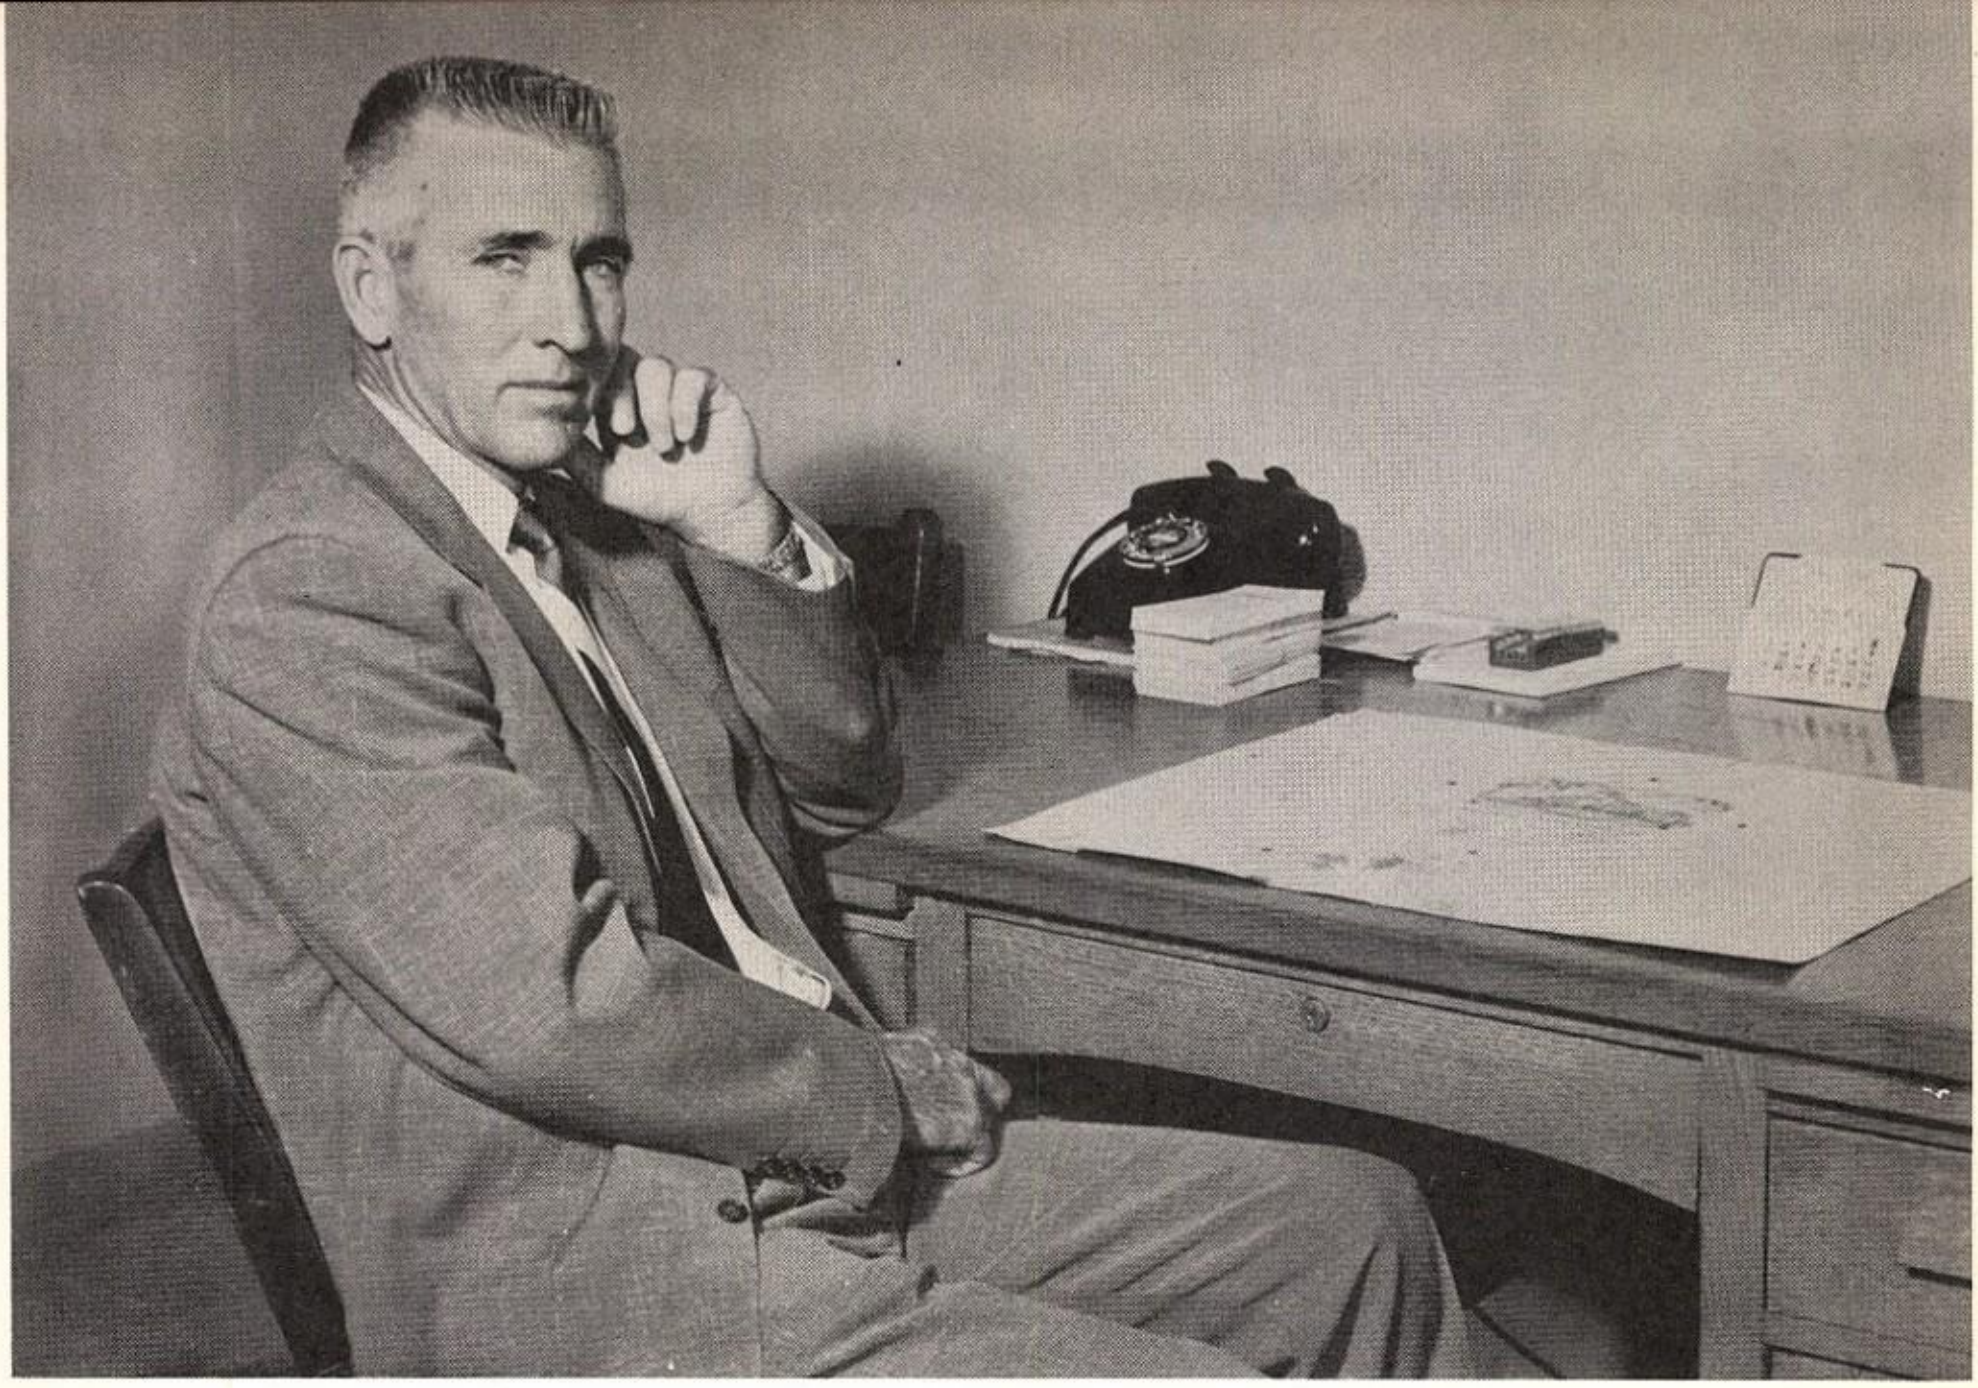
Congratulations to the Senior Class and Student Body

I sincerely believe that the spirit and attitude of this student body is unexcelled. A high school is never better than its students. This definitely gives you, as students, a challenge to surpass achievements made by previous groups. As you graduate, remember that you have excelled groups in the past and at the same time you have left a record that will serve as a challenge to classes in the future.

I hope that in the future you will feel that this is your school and the welcome sign is always extended in your direction as you return at various times.

May success be yours.

S. J. Burleson



RAY GLASSCOCK

Principal of Lake View High School

To the Lake View High School Students

Congratulations to those responsible for this year-book, it's a great job!

Appreciation to the other students for making this a successful school year, and may the best of luck and happiness be yours in the years to come.
